Millions of Dollars' worth sold in the last few Months

No truck ever built ever gave such phenomenal results as the Smith Form a Truck. No truck ever sold as fast. Millions of dollars' worth have been sold to date. We don't have to prove what they will do—we don't have to prove that they are cheaper than any other truck built—we don't have to prove that they are speedier-we don't have to prove that they give greater satisfaction—all this has been investigated by hundreds of concerns, and THEY HAVE PROVED THESE THINGS. This is why the sale of these Smith Form-a-Trucks has run way up into the millions in so short a time.

There isn't a concern in this country, from New York to California, operating one or a whole fleet of these trucks. but that is more than satisfied with the results and economy

Ask us to send you our booklet "It Solves Your Delivery Problems." Get the facts and know to your own satisfaction just what the Smith Form-a-Truck will do for you in YOUR business.
